It is the supreme art of the teacher to awaken joy in creative expression and knowledge.

- John Lubbock

To be a teacher in the right sense is to be a learner. Instruction begins when you, the teacher, learn from the learner, put yourself in his place so that you may understand what he understands and in the way he understands it.

ENGAGEMENT
BROCHURE**

TITLE I FAMILIES

The Parent Advisory Council has been instrumental in developing goals and activities for the Denton Elementary Title 1 Parent Involvement program. The council invites parents to join as we continue to foster this partnership between school and home.

Title 1 Federal Guidelines state: "Schools receiving Title 1 funds must have a written Parent and Family Engagement plan that was developed with input from parents." In this brochure, you will find the ideas that were developed, reviewed and improved by the Parent Advisory Council meetings. We appreciate the support and time these parents gave to help us develop a workable and comprehensive plan.

We appreciate the teamwork of our parents, community, teachers, and students that lead to student success in school.

INCLUDING PARENTS IN SCHOOL DECISIONS.
